Description

This Gas Dirt Bike is shipped 90% assembled, some assembly is required.
This Gas Dirt Bike requires but is not limited to:

- Basic understanding of Carburetor function. Example: Choke ON, Choke OFF
- Ability to Perform Oil Change and Check Oil
- Basic Small Engine Maintenance
- Battery Connection
- Wheel Assembly

Customers are encouraged to call prior to placing their orders for assembly-related questions.

All new engine design, frame, tires, carb, welding, shocks and more! The power-to-weight ratio is especially enhanced on the Orion due to the reduction in all major weight components, while retaining an almost equal power output to the larger bikes!
