Description

The Rosso X7 Ride On stands out as an electric vehicle designed to deliver an exhilarating and enjoyable driving experience for children. Fueled by a 24V 7AH battery, this ride-on includes a charger for prolonged playtime, and a convenient power indicator signals when a recharge is needed. Parents can actively supervise their kids' driving adventures with the remote control feature. Equipped with EVA wheels for exceptional traction on diverse surfaces, a chic leather seat ensures a comfortable ride. The ride-on boasts an MP3 player for kids to enjoy their favorite tunes, coupled with front and rear suspension for a seamlessly smooth experience. Enhanced by LED lights, the X7 Ride On is ideal for navigating low-light conditions. With a maximum loading capacity of 30 kg and dimensions measuring 136x87x85cm, the Rosso X7 Ride On offers a fantastic opportunity for kids to revel in outdoor play with style and excitement.

Upgraded 24Volt Battery for longer battery life and more power.
