Description

Engine caps apply to (and is not limited to) 50cc, 70cc, 90cc, 110cc, 125cc, 150cc and 250cc engines. Most commonly used for 50cc to 250cc electric start engines. These caps fill in the center and side of the stator cover. The larger of the 2 caps has a thread diameter of 29mm and the smaller cap has a thread diameter of 13mm.
